

ELEVATOR MAINTENANCE MODERNIZATION & INSTALLATION

RELIABLE ELEVATOR SERVICE

Liberty Elevator Corporation provides timely elevator repair services and predictable maintenance programs for commercial, residential and retail properties, providing union certified mechanics in New York, New Jersey, Pennsylvania and Florida.

MODERNIZATION & CUSTOM INSTALLATION

Liberty Elevator is pleased to provide leading elevator solutions for new building ventures, renovations, and phased modernizations, that are completed on time and within budget. Exclusively using high-quality, non-proprietary equipment ensures flexibility and prevents the property from getting locked into a rigid OEM lifecycle.

Liberty's portfolio includes award-winning custom installations like the Vessel in Hudson Yards, and, of course, the Statue of Liberty. We specialize in glass, unique round, and high-end custom elevator installations, and have the experience and expertise to equip and mobilize the proper assets for any size project.

LIBERTY'S LEGACY

Founded in 1960 as National Elevator, Liberty Elevator Corporation was born after their historic elevator installation at the Statue of Liberty in 1986. Currently headed by third generation owners, Douglas and Darren Muttart, Liberty Elevator has expanded its maintenance, installation & modernization reach to include New York, New Jersey, Pennsylvania and Florida.

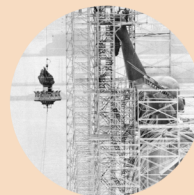

A three time winner of Elevator Project of the Year, Liberty is recognized as one of the best independent family-owned contractors in the elevator industry, as they continue to boldly push the horizon in vertical transportation. Liberty Elevator has fortified their legacy by taking on projects that require a unique and creative approach.

Douglas J. Muttart, President of Liberty Elevator Corporation, reflected on his family's long-standing reputation in the elevator industry: *"Liberty Elevator has continued to grow despite uncertain economic times, due in part to the strong foundations we have built and an amazing team of dedicated employees. The Liberty family shares the same ideals and work ethic with those embodied by my grandfather who started the business over 60 years ago, an unwavering commitment to quality and honesty that has sustained Liberty Elevator through three generations."*
